I might have to leave. Because of school issues. And it isn't even my fault.

My parents are upset with my test scores in math, despite my 95 average. Like, wth parents? 0.0

But the issue with my class is the kids: A, they're really, really mean (one of them threatened to punch me in sixth grade just for existing) B, they're loud and noisy and I have such bad issues with noise that it gives me splitting headaches and I start to cry in class and internally scream. C, PERFUME. The boys like to sorry bombs of cologne or something at each other very day. Whatever it is, it smells AWFUL and I'm ALERGIC: I can't breath, my eyes burn and tear up, and my teacher just ignores everything.

So Because of that I'm having trouble focusing, learning, and my parents are upset so they might kick me off my electronics until my 95 goes up to a 100 because they're quite the perfectionists...

I don't know how to fix these issues...

They're going to kick me out of Fiddler, too...

Uuuuggggghhhhh

A 95? Dude, that's still an A :U

my parents are perfectionists and they'd prob be ok with that
literally, if it's an A, my parents are happy

my mom's dad was the same.

she would come home to her seven younger sisters and brothers, and being the oldest, had to do ALL the laundry.
and then her stepdad would be like" wheres the other 5%"

that's how i imagine it, at least. but her parents did ask her where the other 5% on the test was.

I hope you can come back one day....

O.O Strict parents.

I saw this comic once on dA where it was like, "MOMMY LOOK I GOT A 10/10!" And the mom was like, "That's nice, dear...but why isn't it 11/10?"

And the kid was like, "WAAAAA!!!!!"

Get it up soon! Not only for the forums, but for yourself and your parents, too! Just tell those boys to stop (and if they don't and your teacher isn't doing anything about it, tell the principal about that and the noise and threats too)
~~What I would give for a 95%...I had a 96% (1% away from A+!!!) and then we had a test...which I didn't finish...which I got a D+ on...which was by far the worst grade I've gotten on a math test/quiz except for the one in 6th grade which everyone failed anyways...which brought my grade down 2.5% and now it's a 93.5%~~

That's horrible. I really hope you stay. Also, I thought that *my* dad was really pushy with results. Your parents make my dad look lazy.

If the teacher is ignoring what the kids in your class are doing, try talking to them and explaining your allergies. Of course, if you're already tried that/nothing changes, you can bring it to the principal or a higher official in the school. Tell your parents, too- they may be able to aid you and/or ask the school to prevent this.
Also, a 100% at all times is a very high expectation- and probably unreasonable, honestly. No one is perfect, and an A+ on a test at all times? That's expecting perfection.

WAIT. PERI. LEAVE?
NO.
Bring it up with someone, anyone. If it's not your fault you have a 95/100 (Which is still really good) tell them! If they care so much about your grades, they'll be angry.
